## Public Participation Strategy

### Redevelopment Ready Communities

A public participation statement is essential for outlining how the public will be engaged in the planning and development process. The plan allows for interactions to share and receive information in ways that are adjusted in content and intensity to the size and scope of the project at hand. In addition, the public participation statement acts as a tool for accountability and transparency, requiring a municipality to often seek public input as well as record and share the results of the various methods.

The Redevelopment Ready Communities (RRC) program administered by the Michigan Economic Development Corporation (MEDC) embraces open government with clear policies and procedures.

- The City will make information available in a timely manner to enable interested parties to be involved in decisions at various stages of the review and approval process.

- The City will engage citizens in a transparent manner, making information easy to access for all interested members of the community.

- The City will seek public participation for matters involving future development of the City, such as the Master Plan and Zoning Ordinance update process.

- The City will seek creative ways to involve a diverse set of community stakeholders in planning, land use, and development decisions.

- The City will use comments and information received from interested members of the community to make decisions regarding planning, land use, and future development.

Processes for Development

There are various times in the planning process when the City Commission, the Planning Commission, and/or the Zoning Board of Appeals request public input. These processes include public hearings for rezoning of land, development of the Zoning or Sign Ordinances, the Master Plan, requested variances and Special Land Use. The flowchart below outlines the time limits for these processes.
Development Review Bodies

The City encourages citizen participation in local government planning and policy decisions. All residents are invited to apply for appointments to the City boards and commissions. Vacant positions are advertised on the City’s Website, www.eastjordancity.org.

City Commission

East Jordan’s City Commissions is composed of 7 members. The Mayor shall be the chief executive officer of the City and shall be recognized as head of the City government for all ceremonial purposes and by the governor for purposes of military law, but shall have no administrative duties. All City Commission positions are voted in by the citizens of the City of East Jordan. For many processes (excluding site plan and variances) commission is the final approving body.

Planning Commission

The Planning Commission is a 7 member body. All full members are appointed by the Mayor for 3 year terms. Planning Commissioners deal with development issues in the City such as rezoning, special land uses, and site plans. Often times they are the recommending body to City Commission. They are also responsible for writing the zoning and sign ordinance and updating the City’s Master Plan.

ZBA

The Zoning Board of Appeals has 5 full members, 1 alternate member. Each member is appointed by the Appointments Committee for a 3 year term. When a resident of the City cannot meet the zoning or sign ordinance requirements, an application for variance is filed with this body.

There are many other boards and committees throughout the City. Agendas and meeting schedules can be found on the City of East Jordan website, www.eastjordancity.org. Minutes for these meetings can be found on the City Meeting Minutes page.
Open Meetings

All meetings of the City Commission and its various boards and commissions, shall be open to the public in accordance with the Open Meetings Act, PA 267 of 1976 as amended, except closed session meetings as provided for the Act. Public notices for these meetings are printed in the paper and hung at City Hall (as required by the Act.)

The following processes require that neighbors within 300 feet of a property are personally notified:

- Rezoning of Property
- Special Land Use
- Variance Requests

Statutes require these processes be noticed in a newspaper of general distribution in the City (The Charlevoix County News) as well as mailed to neighbors within 300 feet at least 15 days prior to the meeting. All meetings are held in a facility accessible to persons with disabilities, and the City provides reasonable accommodations. Individuals with disabilities requiring reasonable accommodations or services should contact the City Clerk’s office.

*Interested persons are encouraged to contact the City Clerk or to check the City’s website, [www.eastjordancity.org](http://www.eastjordancity.org), in order to be kept informed of any meeting schedule, agendas, variations, or location changes. Meeting agendas and packets are available on the City’s website in advance of the meeting.*
Methods of Community Participation

Each project’s initial evaluation will determine the necessary level of involvement for the project. The following are methods that may be used to reach an appropriate level of public participation when taking action on land use or development applications.
